- The Combine
- Biotech Connector
- The Startup Collaborative

CO-WORKING

- FUSE Coworking
- Millwork Commons
- Turbine Flats

FUNDERS

- Invest Nebraska
- Nebraska Angels
- KAAPA

This Nebraska agtech ecosystem map is intended to primarily capture startups in the agtech space but is not exhaustive in its coverage of adjacent organizations and communities. Startup categories are not mutually exclusive. This work is funded by a 2020 Channel Partner Strategic Award from the Wells Fargo/National Renewable Energy Laboratory Innovation Incubator. The ecosystem diagram was created by Nicholas Brozović, Ankit Chandra, Matt Foley, and Kate Gibson, and is current as of November 2020.
