

WARI

FELLOWSHIP PROGRAM

Water is a vital necessity for human life, the environment and the economy. Because of its global importance, the Department of Science and Technology, the government of India, the University of Nebraska-Lincoln, the Robert B. Daugherty Water for Food Institute and the Indo-US Science and Technology Forum partnered to create the Water Advanced Research and Innovation (WARI) Fellowship Program – a dynamic and transformative program for students and scientists pursuing advanced academic research and/or other water-related careers.

WARI FELLOWS' UNIVERSITY AFFILIATIONS

- 1 SRM University, Chennai
- 2 IIT, Guwahati
- 3 Central University of Jammu
- 4 Tezpur Univeristy
- 5 GJU, Hisar
- 6 IIT, Gandhinagar
- 7 IIT, Bombay
- 8 CSMCRI, Bhavnagar
- 9 IIIT, Hyderabad
- 10 PSG IAS, Coimbatore
- 11 Banaras Hindu University, Varanasi
- 12 NIH, Roorkee
- 13 IIT, Bombay
- 14 BITS, Goa
- 15 CSIO, Chandigarh
- 16 IIT, Roorkee
- 17 IISC, Bangalore
- 18 IIT, Gandhinagar
- 19 IISER, Kolkata
- 20 IIT, Bombay
- 21 IACS, Kolkata
- 22 IIT, Bombay
- 23 Banaras Hindu University, Varanasi
- 24 Annamalai University, Chidambaram
- 25 CSMCRI, Bhavnagar
- 26 IIT, Madras
- 27 IIT, Guwahati
- 28 Banaras Hindu University, Varanasi
- 29 NIT, Surathkal
- 29 IIT, Madras

- 9 papers published
- 23 papers in preparation/submitted
- 7 oral presentations
- 12 poster presentations
- 4 book proposals
- 6 collaborative grants applied
- 4 collaborative grants awarded
- 1 post-doc position at UNL through WARI

- 18 PhD student interns
- 13 postdoctoral fellows
- 24 American faculty mentors
- 6 departments
- 12 topic areas
